

Let's get Brazoria County back to business!

We can finally envision the end of the COVID-19 pandemic. The vaccines available now are effective, safe, and becoming readily available. Eligibility for vaccines in Texas is open to all people over the age of 16. Help us get the word out to people to GET VACCINATED.

Vaccines are convenient and offered at no cost with insurance or through a federal program for the uninsured.

You have trusted connections with members of our community - with family members, employees, business associates and customers. Please help us ensure everyone protects themselves and loved ones as soon as possible. Consider sharing the information below, and leading by example. Let's work together to get life back to normal.

- Go online for more information and to see available appointments
- Sign up for your vaccination today at: utmbhealth.com/vaccine
